16 June 2021

Hello all,

Please read the information below sent to us by Walsall College. This course has proved to be very successful, especially if your child has access to a mobile phone or other gadget or if you are intending to purchase/give them a gadget in the near future.

Sadly, in this day and age of social media, a seemingly innocent piece of equipment can also be used as a weapon for intimidation, bullying and grooming which can affect the well being and safety of all our children. This course was delivered on line and was not a lengthy one, so if you are interested in the next one, please contact the college using the details at the end of the ParentMail.

Thank you.

*Walsall College has been able to deliver a free **Keeping your Children Safe on Social Media** course which is aimed at parents.*

*It has been a popular course and we're looking to deliver it once again to any parents, guardians or carers who would be interested. It is free of charge.*

**Keeping your Children Safe on Social Media** – This course explains:

- *How to keep children safe whilst using Social Media*
- *Examples of different social media sites that exist*
- *Concerns regarding some sites*
- *Controls that can be put in place to protect children when using social media*

*Please contact; -*
